MEMORANDUM FOR: Acting Director of Central Intelligence

FROM: SA/DCI/IA

SUBJECT: Meeting with Bud McFarlane, 30 March 1983

1. Judge Clark will be in California with the President on Wednesday evening. The following topics are on the agenda for your meeting with Bud McFarlane:

- FOIA. External Affairs reports that a bill including some FOIA relief is moving ahead. Papers (coming) will indicate the status and Agency support/concerns.
- State Department as a National Security Agency. [redacted] note prepared for last week's meeting reported that OMB continues to fight acceptance of the reclassification of the Department of State as a national security agency. [redacted] suggests you confirm with Clark that this is the current state of play and reconfirm to Clark Agency support of State's position. I have included a copy of State's background paper on a Shultz letter to President Reagan on this topic.
- Civil Service Retirement Reforms. You asked that this topic be included. I understand that you wanted to thank Clark for conveying to Stockman CIA and State concerns about the proposed reforms.
- X -- [redacted] Williamsburg Summit. Walt Raymond suggests that you report (coming) on CIA's preliminary assessment of [redacted] the Summit on the issue of East-West Trade. Walt sees this as a make it or break it issue for the success of the Summit. Yesterday he tasked CIA--due date Thursday. He asked today that our preliminary assessment be given tomorrow.

2. Walt Raymond asked that you report on any new developments with [redacted] the Papal assassination attempt. I told him we had nothing new and that this should not be on the agenda. It is not, but you may wish to report the same to McFarlane if that would allay Raymond's concerns.
